By the way, is everyone in Seoul mean ? They don't asnwer any questions Even the ma'am in the store here

Everything here is
Jelly of beans
That s because you looked m serable
You d dn't know that sweets make people happy ?
That's why we were so happy to have sweets when we were kiddies.
The sweets if you refuse them, you will gradually begin to be sadder.
JS

You know those wth low blood pressure when they wake up in the morn ng I feel stuffy and unpleasant
That s why the f rst thng they do n the morn ng s eat the r ce R ce can be sweets, you know it makes them happy and all
You also gan strengh from r ce So you should eat sweets more
Feel ng stuffy can be sad but wth r ce it can be the cl max of happ ness

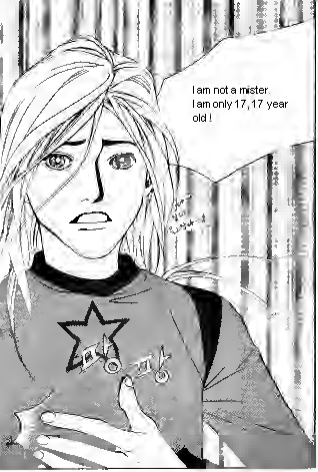
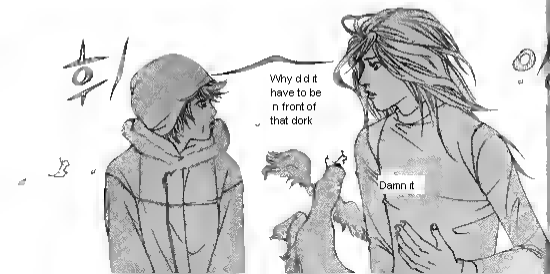
I don't meet the qualifications to be happy.

At that moment...,
Kang De Go looked confused.
And his face looked as if he was going to cry with me.
He was sitting quietly there.
Why did I have to drop so much tears
Heyhey



The jackass wasn't even listening to a word I said ....

And why did I even have to drop so much tear ...



Phew .....

No way
Hah

하하하

He s a17 year old
with a face like that

바스락

You ...
would you
stop that ?

JS
Hey,
You do know what happens when you suddenly laugh while crying, right?
Speaking of witch, the same applies to you. Who would think you as a 17 year old lady ? You looks like a middle schooler

와하하
Stop it
Eh
I mean
yeye
Hah
It s been really a long time s nce I laughed
JS

I was going to commit suicide actually
You know bullying right ? it was only a short period but I was bullied when I was in elementary school You see bully makes a person really miserable
When I entered middle school I raised walls in my mind And I began to bully others around me The effect was 100% satisfaction I bullied and cut any relationship with others
I wasn't interested in making friends and even talking to my parents I only did what I was supposed to do studying Eventually people around me began to avoid me

Honestly I was comfortable that way
That was me
I even thought it was foolish to feel happy or sad because of their friends
And then one day somebody talked to me
You take this bus, too ? Hyeong In Kim, right?

When Boo Ram was outs de of school she was so d fferent

She was a bit shy but she was act ve and talkat ve She wanted to do a lot of th ngs and had a sense of humor

I was really surpr sed to see her others de

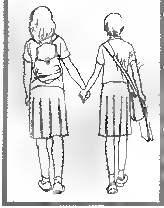
At one po nt I found myself sm l ng and laugh ng w th her

But everyth ng changed when she returned to school

As I promised we became #37 Hyeong In Kim and #47 Boo Ram Yang

As always she was being bullied I did not bother to stop the people from doing so I thought that it was her position and my position was different

We were rather peaceful



Or at least I was

I had no idea that what kept Boo Ram from keeping the peace

Boo Ram didn't also bother to be friendly to me And neither did I

You do know that if you hang around wtth a loner you also get bullied, r ght ?
She she had to be transferred And I could not even comfort her Why should I be happy ?
I am just a coward and a bitch....
I wasalways being comforted by her.
It's ok Thanks for giving me a call.

I knew that ....
I knew the feeling of being bullied....
I knew how miserable and bad it feel ...
Even so, I confined myself behind my walls and only burdened her.
Actually I d d someth ng crazy at school today
I didn't realize at first. But as time passed, I began to realize what I have done and found myself nowhere to go ...
I didn't know how insecure it would make me feel .... I cannot rely on anyone ....
... Boo Ram would have felt the same probably ..... I feel so sorry for her.

JS
17 year old the samge age
You are my one.
Why do you talk so much? Just g ve her call and tell her that you are sorry Tell her you lacked courage to tell her
And students be ng badass s ok They always have a second chance

Quit your cry ng and eat the jelly beans Get your strength If you keep th nkng of bad stuff the bad stuff w ll happen
Come to th s address when you feel like People l ke you gather themselves here Bes des let s meet at there aga n
Don't forget to g ve her another call!
G ve my bandana back when we meet aga n

Lass, do pama on your hair, the ma'am in this salon is good at pama.
She is too young for pama.
Not really, teenagers do pama during school vacation and undo the hair when the vacation ends. It's common trend.
Would you like to do it? I will give you 5000 won discount.

How childish
Living sucks.
You don't know
where to head?
Choose #3 exit.

The stair s too steep ?
It s too tiresome ?
Well cons der ng how
you l ved it may be
too tiresome for you

But
you are monkeys
Just do what you
are told

Take #3 exit
Number 3..doesn't
it sound charm ng?
There s your future
ahead

Walk about 100 meter
and there s a small
groceries store
Buy yourself a
banana milk
it tastes good

Once you are
done with the
milk..it s very
simple
Just go up

Go up and
up
up up
until your
breath is
at your neck.
when you are about
to say a cursing word,
look behind
Shit -
whatever,
I will do what you say
but , if this is a joke, I am going to
call the police
JS

Isn't this beautiful ?
A forest is more beautiful when you stare at it from a distance
Isn't this beautiful ?

You are now an escaped monkey But don't worry
You can go back nto the forest anytme It w'll be there always
So, enjoy yourself ...., the life outside of the forest ...
And when you are relieved, turn around slowly.
